ABOUT

I'm an imaginative, motivated, and curious designer. I pay attention to detail, believe in the value of well thought-out work, and take pride in everything I create.

WORK EXPERIENCE

June 2019 - Present
User Experience Design at Cohesity
Graduation project internship where I am currently working on various aspects of the user experience for Cohesity's DataPlatform (*further details withheld in accordance to a non disclosure agreement*)

May 2018 - July 2018
User Experience Design at Info Edge Ltd. (Naukri.com)
Summer internship at the Naukri.com vertical of Infoedge Ltd., where I worked on revamping the user experience of the recruiters' section of the website.

January 2018 - August 2018
Earn While You Learn Programme at NID
Chosen as a student designer to assist the faculty in designing the identity and brand guidelines for the Indian Institute of Technology, Tirupati

January 2017 - April 2017
Graduation Project at Infonauts Design
An information design internship where I worked on branding, publication design, and user interface design for various different clients of the studio.

May 2016 - July 2016
Internship at Dorling Kindersley Publishing
A summer internship where I worked in the Knowledge section of DK Publishing, as part of the team working on '100 Women Who Made History', which included illustration and layout design for the book, and was published in March 2017

July 2015 - March 2016
Branding and Packaging at To Be Healthy
An extensive project that consisted of developing a visual language, and designing the packaging for a range of cold pressed juices being launched, as well as the marketing material for the brand.
